

Danurus is currently a Quality Assurance Manager, EEM-APAC at Elanco (Thailand) Ltd.; a world leader in developing innovative products and solutions that enhance animal health. She is responsible for overseeing contract manufacturers in ASEAN, Taiwan and Korea. Before this, she was a production pharmacist and quality assurance officer for Anti-retroviral drugs at the Government Pharmaceutical Organization (GPO), in the Ministry of Public Health.

Danurus holds a Bachelors in Pharmaceutical Sciences from Chulalongkorn University, Thailand and a Masters in Pharmaceutical Engineering from Stevens Institute of Technology, USA. With almost 20 years experience in the pharmaceutical industry, Danurus likes to share her knowledge and support the younger generation, as ISPE Thailand Affiliate's Student and Young Professional Affair Chair since 2017.
